Census 2020 Outreach Ideas – March 12

Only 20 days until Census Day!

If you are looking for ways to get the word out to your community about the importance of answering the Census, the Dayton-Montgomery County Complete Count Census 2020 team wants to provide you with weekly tools to help you communicate with your community!

Feel free to adjust any of these to fit your community's style/interests. This is a tool to help get the word out about the impact of the Census on the services we can provide to residents and businesses over the next ten years.

People can now fill out their Census responses online at <https://my2020census.gov/> or call 844-330-2020. If you don't respond to the Census online or by phone, a paper copy will be mailed to your home.

Here is this week's Census Information for you:

- [PSA - Is My 2020 Census Data Safe?](https://2020census.gov/en/partners/psa-toolkit/safe.html) <https://2020census.gov/en/partners/psa-toolkit/safe.html>
- [Web Article - Avoiding Census 2020 Scams](#)

Census 2020 is the first time citizens can be counted electronically. The information you provide is protected and secure, but be aware of scammers who may use the census as a tool to steal your personal information.

It's important to remember that the Census Bureau will never send unsolicited emails and will never ask for your social security number, bank or credit card numbers, or money/donations of any kind.

Phishers may pose as census officials to try and steal your information by directing you to a website that looks real but is infected with malware. The Census Bureau only has two websites - Census.gov and 2020Census.gov. If you receive any information or links listing a census.com or .net, etc., it is not a valid website.

This also applies if someone comes to your home to collect a response. They will have a valid I.D. badge with a photo that has a U.S. Department of Commerce watermark and an expiration date. They will not ask you for your social security number, bank or credit card numbers and ask for money/donations of any kind. If you are still concerned about their identity, please call 800-923-8282 and a representative from the Census Bureau will confirm or deny the surveyor.

Census 2020 is safe and the information you provide directly impacts federal funding amounts and the number of elected officials our community has. If you have any questions about how to fill out the census or how to avoid scams, please visit [Census.gov](https://census.gov), or call 800-923-8282.

- **3 Social Media Posts**

- What matters to you? Schools? Transportation? Hospitals? Data from the @uscensusbureau help inform planning efforts for all these important community resources. To learn how census data impact you and your community, visit 2020census.gov. #2020Census
- The US Census Bureau has made responding to the #2020Census easy. You can respond online, by phone, or by mail—whatever works best for you. (Video Clip has been attached.)
- Everyone counts in the #2020Census, even newborns who haven't come home from the hospital yet. Find out more about who to count at <https://2020census.gov/who-to-count>.

If you have ideas or enhancements, let us know at eberlyg@mcoho.org!

Public Board of Directors Meeting

The JobsOhio board of directors holds quarterly meetings at locations across the state. These meetings, which are open to the public, provide an opportunity for people to get information about JobsOhio's programs, projects and performance as well as industry updates and news from regional partners.

Q1 – 2020 – Public Board of Directors Meeting

JobsOhio's next board of directors meeting will take place on **Tuesday, March 17, 2020 at 12:30 p.m.**

Reviewing guidance from the CDC as well as Governor Mike DeWine, we are proceeding in a calm, cautious and responsible manner and using technology to carry out JobsOhio's mission. As a result, public participation in the meeting will be available via livestream only. Regardless of this change, the meeting will be carried out as planned and include updates on JobsOhio's results and ongoing initiatives as well as JobsOhio's new strategy, including the importance of Ohio's military installations.

For more information visit <https://www.jobsohio.com/public-board-of-directors-meeting/>

**Air Force Life Cycle Management Center (AFLCMC) Life Cycle Industry Days
(LCID)
17 - 19 June 2020**

The Air Force Life Cycle Management Center will host the annual Life Cycle Industry Days at the Dayton Convention Center in Ohio June 17th through June 19th. The theme this year is "Rapid Transition of Innovation to the Warfighter" featuring keynote presentations by top acquisition leaders, panel sessions and forecast briefings from our Air Force Program Executive Officers. Preceding LCID is Pitch Dayton from June 15th through June 16th.

At LCID, hear from senior decision makers in the U.S. Air Force to include Lt. Gen. John Thompson, commander of the Space and Missile Systems Center, Gen. Timothy Ray, commander of Air Force Global Strike Command, and Gen. Arnold Bunch Jr., commander of Air Force Materiel Command. In addition to these dynamic speakers, LCID will provide presentations and panel sessions to include the popular PEO and CEO panel.

Industry will have an opportunity to schedule one-on-one meetings with the Air Force PEOs, network and exhibit during the event. A separate agenda track for small business will again provide valuable insight, discussions, and opportunities for potential partnerships.

Join us for an informative and outstanding forum where opportunities will be shared and partnership can be made.

If you are looking for a central location for up-to-date, accurate information about COVID-19 Updates and Safety Practices, go to www.phdmc.org and choose the COVID-19 link. This is a serious concern for our businesses and citizens and Public Health is a great resource to stay informed.

The screenshot shows the website for Dayton & Montgomery County Public Health. At the top, there is a navigation bar with the county logo and name, and links for Birth & Death Records, Client Services, and Inspection Services. Below this is a main navigation menu with options like Our Programs, Our Services, Health Data & Reports, About Us, and Contact Us.

The main content area features a large heading for "Coronavirus Updates" with a sub-heading "By Public Health" and a date "Updated Friday, 15 March 2020 10:45". Below this is a prominent blue banner with the text: "The Public Health Clinic DOES NOT Test For COVID-19. Please Contact Your Healthcare Provider If You Are Feeling Sick."

The next section is titled "Ohio Prohibits Mass Gatherings of 100 or More". It includes a sub-heading "Ohio Governor Mike DeWine" and a paragraph explaining the prohibition on mass gatherings of 100 or more people. It also defines what constitutes a mass gathering and lists examples of prohibited events. A "Download" button is visible at the bottom of this section.

Below this is a "Public Health Advisory" section with a red header. It contains a "Public Health Advisory" title and a sub-heading "Risk of Coronavirus transmission in the United States is LOW as of 3/15/2020". This section includes several smaller images and text blocks providing additional information and resources.

At the bottom of the page, there are several "Download" buttons for various resources, including a "Public Health Advisory" and a "COVID-19 Fact Sheet".

Coronavirus (COVID-19)

SBA Disaster Assistance in Response to the Coronavirus

The U.S. Small Business Administration is offering designated states and territories low-interest federal disaster loans for working capital to small businesses suffering substantial economic injury as a result of the Coronavirus (COVID-19). Upon a request received from a state's or territory's Governor, SBA will issue under its own authority, as provided by the Coronavirus Preparedness and Response Supplemental Appropriations Act that was recently signed by the President, an Economic Injury Disaster Loan declaration.

- Any such Economic Injury Disaster Loan assistance declaration issued by the SBA makes loans available to small businesses and private, non-profit organizations in designated areas of a state or territory to help alleviate economic injury caused by the Coronavirus (COVID-19).
- SBA's Office of Disaster Assistance will coordinate with the state's or territory's Governor to submit the request for Economic Injury Disaster Loan assistance.
- Once a declaration is made for designated areas within a state, the information on the application process for Economic Injury Disaster Loan assistance will be made available to all affected communities as well as updated on our website: [SBA.gov/disaster](https://www.sba.gov/disaster).
- SBA's Economic Injury Disaster Loans offer up to \$2 million in assistance and can provide vital economic support to small businesses to help overcome the temporary loss of revenue they are experiencing.
- These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can't be paid because of the disaster's impact. The interest rate is 3.75% for small businesses without credit available elsewhere; businesses with credit available elsewhere are not eligible. The interest rate for non-profits is 2.75%.
- SBA offers loans with long-term repayments in order to keep payments affordable, up to a maximum of 30 years. Terms are determined on a case-by-case basis, based

upon each borrower's ability to repay.

- SBA's Economic Injury Disaster Loans are just one piece of the expanded focus of the federal government's coordinated response, and the SBA is strongly committed to providing the most effective and customer-focused response possible.
- For additional information, please contact the SBA disaster assistance customer service center. Call 1-800-659-2955 (TTY: 1-800-877-8339) or e-mail disastercustomerservice@sba.gov.
