IEDC CERTIFICATION REFRESHER COURSE

Whether you are just starting your pathway to becoming a Certified Economic Developer (CEcD), have taken the required classes, or have taken the CEcD exam (but need a little more preparation) this training will help you to meet that goal.

The person taking this course should expect to:

- ◆ Enhance their skills in taking the short answer, essay, and oral exams for CEcD
- ◆ Learn how to answer exam questions

Class time is reserved for those activities that are best done in a face-to-face setting, including practice sessions dealing with the short answer exam, the essay exam, and the oral exam.

- ◆ Expect to take exams, write, and talk—and to be graded on your effectiveness.
- ◆ At a minimum, participants will experience a practice oral exam, as well as brief mock short-answer and essay exams. The oral exam may be a group demonstration activity.
